Campus Wear Fee Exemptions

The Galion City School District Board of Education has adopted a policy for waiver of school fees for qualifying students. If you qualify for the waiver of school fees you may qualify for assistance in purchasing Campus Wear items for your child.

If the student qualifies because of assistance through Ohio Works First program, your caseworker must sign the Waiver of School Fees form before financial assistance can be provided.

If the student qualifies because of assistance through the State's Disability Assistance Program, the case number must be completed on the Waiver of School fees form before financial assistance can be provided.

If the parent/guardian receives disability funds from the Social Security Administration, the notification letter of disability eligibility from the Social Security Administration must be attached to the Waiver of School Fees form before financial assistance can be provided.

If the parent/guardian is eligible for disability through the Social Security Administration, all students in the household are eligible for financial assistance in purchasing Campus Wear items.

If the student receives disability funds from the Social Security Administration, the notification letter of disability eligibility from the Social Security Administration must be attached to the Waiver of School Fees form before financial assistance can be provided.

If a student is eligible for disability through the Social Security Administration, only that student is eligible for financial assistance in purchasing Campus Wear items.

The Waiver of School Fees Form must be completed annually.

Please contact your child's school if you have questions.
